Redmond, Washington offers all of the natural beauty and eclectic activity you seek in the Pacific Northwest. From serene and meandering bike paths to competitive cycling events; from lively outdoor concerts to diverse family activities; from an upscale outdoor shopping center to local boutique stores, Redmond is an unforgettable experience. You can also experience nearby wineries, dining for every taste, and luxury accommodations in Redmond's world-class hotels.

Redmond based companies are global technology leaders that are changing the world in which we live including software, aerospace, interactive media and electronics. From Microsoft, Amazon, Nintendo, Oculus and Aerojet Rocketdyne to Physio-Control and Alstom Grid, these firms are developing the next technologies to advance the global economy from cloud computing, virtual reality, and smart grid to manned missions to Mars. These firms have proved the region can recruit and retain the technologically skilled talent pool for those companies interested in making Redmond home. And Redmond Town Center benefits from multiple Microsoft, Amazon and Volkswagen corporate offices located within steps from the retail core.

Fun and exciting events take place all year long in Redmond. Regional and neighborhood parks, outdoor movies and concerts, sports tournaments, theater performances, annual festivals, a Saturday Farmers' Market, and local arts highlight the long list of Redmond activities and events.

Redmond is centrally located between Seattle/Bellevue and the Sammamish River Valley.
